February 10, 2005

Pro Duffers of Atlanta
Wilbur Leaphart, President
Earle Harris, Past President

Gentleman,

It was a pleasure to receive your notification in today's mail. The 2004 National meeting and tournament held in Orlando, Florida, although delayed, was a smashing success. The legendary Bird "Phoenix" comes to mind when I consider the result verses the challenges forced upon you as a chapter.

I congratulate you; moreover, I thank you for your tireless effort, continuous support, and expert opinions. The Pro Duffers of Atlanta set the standard for all other chapters. It is my pleasure in our association with one and other.

Sincerely,

Thomas H. Sweeney Jr.
National President

PS: Wilbur: I have every confidence the Pro Duffers of Atlanta will not skip a beat under your leadership. However, as a national officer your added responsibility is to keep "Pro Duffers Earle Harris," from retiring from chapter service. There must be pan's to wash, floors to sweep, national office, anything to keep him "ACTIVE"....np..
