

Guy's

I'm disappointed in Laurie's response and its unfortunate we are being caught in the middle of there loss in revenue and weather conditions. At this point, we have little choice, if the option is still available to place a stop payment on the check as Larry suggested. I'm aware this will not solve this issue but it will resolve our present lack of funds issue. Regardless on the long-term dilemma, it is better, if we have our money during the fight than the hotel having the money to return. IN the long run I thing we will not be the only organization, club or individual who will have litigation with the hotel. Litigation, I feel we will win, I might add. The majority of the flights in the Southwest and Southeast are grounded this evening. . We are a golf club first.

50% of next years "penalties" are not expectable. The return of our funds immediately is our objective and we should be doing everything we can do to exact that end. We can cross words later; we have an event to fund in two weeks. sweeney
