

December 5, 2016

Holiday Greetings:

As we enter the holiday season, I wish to pass on greetings and best wishes to all fellow Pro-Duffers and their families.

Since the induction of the National Officers, we have hit the ground running to conduct the business and affairs of the organization. This includes the formalization of the 2017 National Convention in San Antonio, TX and upcoming Spring Fling hosted by the South Florida Chapter at Innisbrook.

Personally, I had the privilege of joining the Washington DC Chapter at their Annual Awards Banquet a few weeks ago as they wrapped up their year and kicked off the holiday season. Not only did I get to share in the camaraderie, I got to celebrate with them the individual accomplishments and the “Red Jacket” presentation to Robert “Bobby” Dibble as their 2016 Club Champion.... congratulations Bobby.

Along with this correspondence, we have officially opened registration for the 2017 Spring Fling and call your attention to some important information.

Although we are conducting registration via the tournamentevents.com registration portal as in the past, we have added a member login prerequisite to the process. This login feature provides a layer of privacy to our members and prevents unwarranted access by the public or unscrupulous marketing efforts. Additionally, member registration provides the ability to share information with the membership via the email list we are now able to utilize and further our commitment to increase internal communication within the National Organization.

If you have already registered, simply go to the member sign in section and enter your user name and password. If not, input the requested information and security verification code displayed. Within seconds you will receive email confirmation to enter the site. We have included a separate guest registration link with limited access to the website and thank you in advance for your cooperation.

Finally, it is extremely important to note the January 19th deadline. Traditionally, we have operated under a fluid cutoff date we could manipulate depending on the participation level or the venue. However, the nature of the Florida market requires that we be diligent in our responsibility to keep our pledge and guarantee to Innisbrook.

Again, joyous holidays and a prosperous new year to all

Yours in Golf,

Kelvin A. Massey, National President
Pro-Duffers USA, Inc.
